- 1) The full fee. In the event that the student is not registered for the full year, a refund will be issued for any overpayment after the final thesis is submitted to SGS.
- 2) The minimum first payment indicated on the student's Fee Invoice in Acorn.

Normally, this will exclude anyone who: has served as supervisor of the student or supervisor; or has, in the past six years, been a departmental colleague of the candidate or supervisor or has collaborated on a research project, scholarly work or publication with either of them.

The supervisor will name three possible External Appraisers. **The supervisor should contact his or her first choice** to confirm whether they are available to serve as External Appraiser prior to forwarding their preferences. The graduate coordinator/planning director will approve a nomination to go forward to the SGS Vice-Dean for final approval. **Attach a full CV (or website link to an online CV) for each potential External Appraiser.**

Examination Committee Membership

The Examination Committee shall consist of four to six voting members. A **quorum of four** voting members are required for the exam to proceed, at least two of whom must not be from the supervisory committee. - b) At least 2 examiners who have not been closely involved in the supervision of the thesis. Those eligible include: the External Appraiser, members of the faculty appointed to the Candidate's graduate unit, and members of the faculty appointed to other graduate units of the University of Toronto. SGS recommends including three external examiners.
- c) A non-voting Chair appointed by SGS.
